ABOUT US

MIK BROTHERS Trading Company is a dynamic and diversified business engaged in the trading of various products, ranging from batteries and automotive spare parts to bags, food, clothing, spices, condiments, seasoning and meat products.

TRADING IN DRY AND LIQUID BATTERIES

DRY BATTERIES

- **Alkaline Batteries:** High-performance batteries suitable for everyday devices such as remote controls, flashlights, and toys.
- **Lithium Batteries:** Long-lasting power solutions ideal for high-drain devices like digital cameras and medical equipment.
- **Zinc-Carbon Batteries:** Cost-effective options for low-drain devices like clocks and basic electronic gadgets.

LIQUID BATTERIES

- **Lead-Acid Batteries:** Versatile and robust batteries commonly used in automotive applications, uninterruptible power supply (UPS) systems, and renewable energy systems.
- **Nickel-Cadmium (NiCd) Batteries:** Known for their durability and reliability, suitable for emergency lighting and industrial applications.
- **Lithium-Ion Batteries:** Powering modern gadgets, electric vehicles, and portable electronics with high energy density and long life.
